# BASE COAT SYSTEM

## WATERBASE 900+ SERIES

The WaterBase 900+ Series is a mixing colour system that allows you to fine-tune quality, colour precision, speed and application so that it's right for each individual project. It's a flexible water-based base coat mixing system which produces vibrant colours with a striking natural clarity and gives excellent coverage. This system is quickly ready to use and guarantees colour precision from solid colours to xirallics and mica pearl effects.
